BASEBALL

Paris H. S. 11; Buckfield H. S. 9

A large crowd witnessed the opening game at the high school grounds, Tuesday afternoon. Buckfield jumped into the lead and had Paris High down to 1-0 score until the 6th inning. Paris started a rally with five runs and continued to gain till the game ended. 'Kid' Shaw made his debut in the box for Paris allowing but three scattered hits in six innings he twirled. Miller's holding and the hitting of Rhodes, Aldrich, McGinley and C. Hubbard were features.

Cook-Libby

George Edward William Cook of Sabattus and Hazel Lucinda Libby of Lewiston were married at the home of Rev. A. T. Salley at 7:30 o'clock Thursday evening. The double ring service was performed. A sister of the groom, Bernice Cook and a personal friend, Frank Riley attended the couple.

The bride is a very popular Lewiston girl. She is the daughter of James A. Libby and was born and educated in Lewiston. She is prominent in church work, attending the United Baptist. For the last few years she has been employed at George Rowe's Confection Box, Ash street.

Mr. Cook was born and educated at Sabattus and attended the University of Maine. At present he is employed at Sabattus.

The couple left for Norway where they are the guests of Mr. and Mrs. Chas. W. Chick, after which they will occupy their new home at Sabattus.

The bride wore a blue satin dress with a roman sash. Her hat was of blue georgette with trimmings of changeable solitaire and a blue grey coat of polo cloth.

The marriage of Ruth A. Downing of Norway and Fred C. Gammon of Portland took place, Saturday afternoon, at the home of the officiating clergyman, Rev. Chester G. Miller, pastor of the Universalist church. The ceremony was performed at 5 o'clock, and the double ring service was used.

The bride was given in a becoming traveling suit of navy blue with hat to match. There were no attendants. Immediately after the ceremony, Mr. and Mrs. Gammon left on the train for Portland where they have a home ready for occupancy.

Mrs. Gammon is the daughter of Mr. and Mrs. Solon Downing, School street. She graduated from Oxford High school and was a successful teacher in the schools in that town for several years.

Three years ago she began work at the Norway Shoe Company office as stenographer, which place she has filled most acceptably. She is a member of Mount Hope Church, and attended the Universalist church, and attended the Norway shoe company.

Mr. Gammon is the son of Mr. and Mrs. N. E. Gammon of East Oxford. He graduated from Oxford High in the class of '13, and for a time assisted his father in his store at Oxford village, later working on a farm. A year ago, he went to Portland, where he has employment with the wholesale house of Milliken-Tomlinson Co.

The Universalist Men's Annual Supper and Entertainment in Concert Hall will be this Thursday, April 21, at 6:30 p. m. A rare treat is in store for those who attend. Not only a splendid menu will be served, but the presence of Ernest A. Caster of Portland, with his highly entertaining and utterly mystifying magic, will add to the pleasure.

A box of chocolates will be given away at the Grange dance, Friday evening. A lucky number will draw the prize.

Norway Lodge, Order of Moose will observe Ladies' Night on May 31, with a social gathering at the Grange Hall. Families of the members and the Women of Mooseheart Legion will be invited. Members of the committee are Nathan Noble, chairman, Edwin C. Gammon and James E. Everett.

Prof. Edward H. Brown and the agricultural class of Norway High school were at the field day Wednesday. The class used note books and jotted down facts to be incorporated into compositions to be used in the class room this week.

Dr. Marguerite E. Stevens, the osteopath doctor from Portland, has resumed her summer schedule and is at her Norway office from 4 p. m., Wednesday, to 5 p. m., Thursday.

Mrs. John P. Horne is critically ill at her home in Portland. She has been suffering with ptomaine poisoning and it is feared she has typhoid fever.

Dr. C. J. Fogg is ill at his home, having suffered a shock, first of the week. Eula K. Bicknell, who underwent a surgical operation at Brookline, Mass., in March, and who has been stopping with relatives at Everett, Mass., since leaving the hospital, returned home Monday night, accompanied by her father, W. A. Bicknell, and sister, Hilda.

Mr. Leah A. (Wetherbee) Woodward is critically ill at her home in Claremont, N. H.

Roland Andrews of Allston, Mass., is spending a few days with relatives and friends in town.

A. T. Winter, who has been working at the Tucker Harness store, the past six weeks for James N. Faver, has finished work and gone to Moosehead Lake region where he will work during the summer.

William W. Milton, professor of the Milton House at Andover has been visiting friends for a few days.

Mr. and Mrs. Wallace W. Sheen, who have lived at Readsport, Vt., for nearly two years on a farm, have sold out and are on their way to Maine. They expect to reach Norway this week.

Miles G. Adams

Miles G. Adams passed away Monday at the C. M. G. Hospital. His death was caused by terrible burns which he received April 4th, when he attempted to build a fire in his room, by turning kerosene on the blaze. He is survived by several brother and sisters. He was 37 years old.

Officers elected for the Norway Fish and Game Association are as follows: President—A. J. Stearns. Vice President—M. Smith. Secretary and Treasurer—F. Robt. Seavey. Executive Committee—A. J. Stearns, J. C. True, M. W. Sampson, Frank Jewell.

The fire chief's call sounded on the fire alarm Tuesday forenoon to organize a searching party for Mrs. Joseph Theriault and six weeks old baby who had been missing since 10 o'clock on the previous evening.

Mrs. Theriault was boarding with Harry P. Bassett's family, who reside opposite Pine Grove Cemetery in South Paris. While Mrs. Bassett was occupied with her work, Mrs. Theriault clad only in her night gown and bath robe, escaped from the house with the child in her arms.

Mrs. Bassett returned home about 10 o'clock and was made that continued long into the night. He drove three miles to Cedarbrook Farm where Mr. Theriault is employed and both renewed the search.

No trace of the wanderer was found and Ernest Hutchins, manager of the farm, notified the authorities. While the party was organizing after the alarm, Linda Cox's daughter living on Fair St., mentioned a strange woman and baby stopping at their home, having put in an appearance late Monday evening. They were the persons wanted.

Mr. Theriault took his wife to her uncle's, C. F. Pike's, at West Paris, Tuesday, and later she went to her father's, Abner Pike's, at Bolster's Mills where she will be cared for.

Lone Star Wild West Coming Dallas L. Benson and his Lone Star Wild West play on the Bean lot opposite the fair grounds Saturday afternoon and evening. Six riders are in the troupe with a string of bucking bronchos and a complete outfit for a representation of real wild west. Fancy shooting, roping and trick riding will be shown in nine acts by real cow punchers of merit. Several genuine Texans skilled in ranchcraft are in the company this season and a real-to-goodness show has been arranged. Electric lights will be used here Saturday evening.

Capacity business was the result at the opening stand at Mechanic Falls Patriots Day. Saturday is the next here and they will come with their new motor outfit and more side walls. Larger, better and busier is the slogan this year.

The outfit will start the first week in May on a long route including Rumford, Andover, Hanover, Bethel, Gorham, N. H., Berlin, N. H., Colbrook and Errol. The motor outfit will be in the Connecticut Valley unless a deal is closed for location during the summer in an amusement park in New Hampshire.

Veranda Club Notes The Veranda Club met with Mrs. Virgie M. Lockwood Wednesday, April 13, instead of Mrs. Agnes McCreedy. The evening was devoted to work.

The next meeting will be with Mrs. Agnes McCreedy Thursday evening, April 22.

At the morning service next Sabbath there will be present the Independent Order of Odd Fellows and Daughters of Rebekahs, when a sermon appropriate for the occasion will be delivered by the pastor who begins another Conference year. There will be special music at this service.

The Junior League will meet at 6:15 o'clock Sunday evening. Subject will be "Self Control and How to Get It." Leader, Hiram Calif.

The Sunday school will meet at the close of this morning service.

The regular Sunday evening preaching service will be resumed as usual.

The weekly prayer meeting, beginning next week will be held Thursday evening in line with other churches, making it uniform throughout the town.

Harry Goodwin, proprietor of Red Feather Farm on Pike Hill, is hatching chicks on a large scale. He shipped recently 2500 day old chicks from one hatch and has 6,000 eggs in eighteen incubators soon to develop into single comb R. I. Reds. All eggs are produced on the farm from his well known strain. Business is rushing.

Mr. and Mrs. John C. Shepard, Mr. and Mrs. Elmer D. Packard, Ned Shepard, Clara and Doris Shepard, all of Auburn, were guests of Mr. and Mrs. Edward D. Packard, Monday and Tuesday. They spent the holiday at the Shepard cottage preparing for a busy season after June first.

Lake Pennessewassee has been at flood height since Sunday. Water was nearly over the road across the gorge near Muzzy Judkins' at Crockett's ridge and numerous boat houses were flooded. Only the floating on the city wharf was in sight Tuesday and is with her mother, Mrs. L. A. Rounds, for the present.

Mrs. Arthur C. Soule and son, Walter of South Windham have been guests of her parents, Mr. and Mrs. George R. Morton.

Mrs. Carroll Wilson and son Kermat, returned from a visit at Cumberland Center, Tuesday afternoon.

Big Crowd at Field Day

Six hundred and more people attended the fifteenth annual implement and Field Day Wednesday, held by A. W. Walker & Son at their place of business. The demonstration was a success and the dinner fully up to the high standard set years ago. Speeches dwelling largely on the local condition involving the farmers and canners were given and both sides given a respectful hearing. Ideal weather with good travelling for April brought the largest crowd ever assembled at previous gatherings.

Demonstrations commenced before 10 o'clock with Ben Twitchell on the Fordson, showing the good qualities of gang plows, harrows, and the new culti-pract. Specialists and lecturers for the International Harvester Co. were on hand and interested many with the new implements produced to lessen farm labor and reduce the cost of production.

Other demonstrators in the hall had the Farming Machine in operation and a Fairbanks-Morse Farm Lighting Outfit was doing practical work. The Fairbanks-Morse gasoline engines also made an interesting display. Mr. Long with a portable movie outfit and 880 feet of film gave a screen story of the proper treatment of soils by the new Cult-Practor. Mr. Long was here in cooperation with the International Harvester Co. who handle this farm necessary.

Protective homes against loss by lightning was shown and proper methods for installing this safeguard were illustrated by an expert. Fabric belting and hose were featured in a lecture-demonstration by a specialist.

Everybody attended the dinner in the Burnham & Morrill Co. factory at noon. Some 300 were seated at the first table and at least 300 more were served before the last person appeared for this free spread. Baked beans, brown bread, soda crackers, cheese and coffee with cream and sugar comprised the menu. There was enough and to spare with a bunch of busy helpers. The spread was in charge of Mrs. Grace Skinner, Mrs. A. Frank Goldsmith, Mrs. Ernest Herrick, Mrs. Willis Edwards, Mrs. Horace Edwards, Mrs. L. T. Hunter, Mrs. Emma Twitchell, Mrs. Robert Wise, Mrs. Percy M. Walker, Ernest Herrick, Ben Twitchell and Peter M. Walker.

Albert W. Walker presided during the speech making, which followed the dinner. He introduced the corn raising subject with a brief history of the local industry and appealed to the farmers for a better understanding of the Burnham & Morrill Co. attitude in their stand toward reducing somewhat the price to be paid for the corn next September. L. E. W. Johnson, assistant manager of the International Harvester Co., spoke on the unsettled market conditions as they find them. Hon. Leslie McIntire of E. Waterford presented the farmers' attitude in the matter of holding out for a four per cent. per pound price of sweet corn.

Charles S. Tucker of Boston, representative of the International Harvester Co., appealed for the farmer to study his seed, the soil and proper methods to handle his crops so that a small reduction sure to come sooner or later could be met and a profit realized. George B. Morrill of Portland, member of the Burnham & Morrill Co., stated their position gained by facts as he has observed them in an extensive trip throughout the west. He considered a three cent price in keeping with conditions as they will be until the planting in 1922. The company would be willing to share any profit to the extent of a four cent rate.

Mr. Walker's closing remarks were an appeal for the corn planters of the way and South Paris to sign up a good acreage, for at least the moral effect would be great over the state at this time.

P. M. Walker and Frank Goldsmith, superintendent of the local factory, canvassed the crowd during the afternoon hour secured many sales of the implements carried by the firm, the other landed many acres of corn for the factory. Photographs of the crowd were taken at various points by Robert Wise.

Shaw's Orchestra played for dancing at Hebron Center Grange hall, Friday night, and at South Paris Grange hall for the weekly dancing party, Saturday evening.

A. F. Stearns, Jr., the leader of the boys' and girls' clubs, was present at the club leaders' conference on the Farm Bureau office, Friday, April 15th. Plans were drawn up for the forming of two clubs, one for the boys and one for the girls. Wednesday, April 20th, Mr. Stearns met all the boys and girls interested in either clubs, this year. The meeting was held in the Grange Hall.

Ronald French of Kingfield has been spending several days with his cousin, Ralph H. French and family.

Geneva M. Young, who teaches in Brookton, Mass., is here with her father for a vacation.

Mrs. A. E. Forbes has been entertaining Mrs. Lola Henderson and Mrs. Alfred Bazin of Montreal

HUDSON SUPER - SIX

Today's Market Emphasizes
Its Price Advantage

Price comparisons are the first inquiry of judicious buyers to-day.

We feel no need to call attention to Super-Six quality. That you know well. Its leadership is an old, accustomed position—now in its sixth year as the world's largest selling fine car.

But we do urge specific attention to its price. We urge you to compare it with the price of cars to which you have always compared it in quality, performance and distinction.

We know such examination can only enhance appreciation of its value. You will acknowledge a price advantage in Hudson not found in any car of its quality.

Unicorn Dairy Ration

"You can fool a man, but you can't fool his cow!"

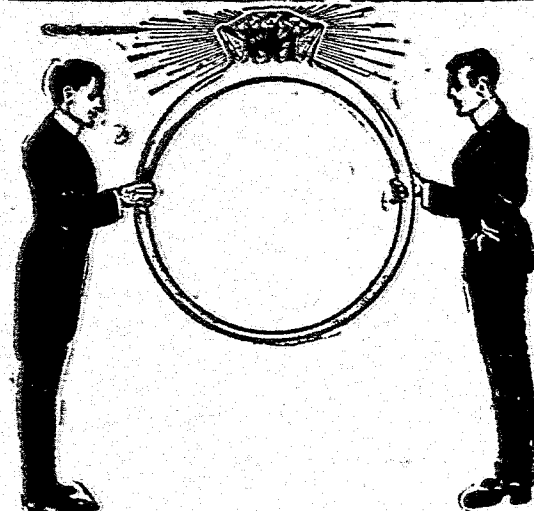

It is not the cost of a feed that is killing the farmer and reducing his profits. The real source of his trouble is his failure to run his cows to full capacity and feeding them right and decently. Cows that could give 40 lbs. of milk are running on a 20-lb. basis, and cows that could make 30 lbs. are running on 15.

The reason dairymen continue to use UNICORN is because they get enough more milk and enough more profit out of it to make it worth their while.

The Lure of BIRTH STONES

APRIL

It is storied that the God of the Mines called his courtiers to bring him all known gems. He found them to be of all colors and tints and varying hardnesses, such as the ruby, emerald, sapphire. He took one of each, he crushed them, he compounded them, and said, "Let this be a gem that will combine the beauty of all; yet it must be pure, and it must be invincible." He spoke, and lo! the evolution of the diamond; bringing to the April-born the virtues of Sir Gahad, the while preserving peace and tranquility.

MY DAYS AND NIGHTS IN THE HOSPITAL

No. 4

The expressions of sympathy I received while in the hospital were so numerous that I could not take fitting notice of them there. In the whole section of the village where I live, bounded by Main, Whitman, Maple and Pleasant streets, there was scarcely one who didn't either by letter, card, or to some of my folks, send sympathetic regards. This was appreciated more than I can express in words. My neighbors are among the best people in the world, as are my townsmen. First and last I must have received communications from over one hundred persons. Many sent flowers: the Ladies' Relief Corps of Norway sent me a fine bouquet. In all I received about a dozen floral tributes. I was greatly pleased with a little wreath of the partridge berry plants which Miss Mollie S. Cole of Buckfield, daughter of the late Alfred Cole, my associate in writing the history of that town, sent me at Christmas time. I thought of some of the beautiful lines he had written and was very thankful.

"How beautiful is the world!
After the weeks in a dreary round
While I, a helpless prisoner bound,
On my lonely bed have lain."
"Flowers gathered from fields and valleys,
And borders of country ways,
With ferns from the wildwood alleys,
Come to brighten my shut-in days."

Z. L. Merchant and his good wife presented me with a splendid bouquet of roses. They soon blossomed out and for many a day filled my room with fragrance. Mr. Merchant is a fine man and a good citizen. We are fortunate in having such people among us. He is a clean-cut gentleman and indeed, as I have often called him, "a Merchant of merchants." There is nothing narrow or contracted about him. He has his own faith and political views, but he respects the views and religious faith of others. I had noticed that he had attended the funeral of three of my neighbors, closing up his place of business to show his respect. I have waited for the opportunity to write something good about him. It comes fittingly now.

A sad incident happened during the latter part of my stay in the hospital. George Doyen who, with his brother and his brother's sons, were contractors and builders in the city, underwent an operation, some week or ten days after mine, for the same trouble. He was in my old room. For some reason, Doctor Mitchell did not perform the operation on "Uncle George" as all the family called him. Learning that I had had a similar operation, the family was interested to see how I got along. One afternoon the married daughter of the brother called. Then she and her mother, and afterwards the boys, her husband, and their father, who had been away in Boston, and the sick man's wife. They were good people and I came to like them very much. They often brought me newspapers and delicacies. I shall never forget how kind and sympathetic they were.

I learned after a time that the sick man was not getting along very well, then that he was quite low, and not seeing any one of the family or hearing anything about him. (A patient don't hear fatal cases talked about in a hospital), I knew he was gone. My heart ached for his good family and had the sad event occurred before I was so near to going home, I should have been greatly depressed. The family interest in me did not end with the passing of their loved one. They frequently called up the office at the hospital to learn how I was and the day I left to bid me good-bye. I hope to see them next summer when we go down to our "cottage by the sea" for they already seem like old friends.

C. F. Whitman.

REGARDING THAT WHITTILING TIMBER

D. Cromett Clark of Boston and Lynn sent in some wood, "the like of which we never whittled before." We failed to name the variety and he writes as follows:

"That wood grew in northern Europe. It was part of the crating around one of a few rolls of paper imported from Finland. Another man and myself have shown a few specimens. Woodworkers from Norway, Sweden, Finland, Poland and England recognized it readily, and the Englishman told about it being imported from Scandinavia into England. He called it Norway spruce, said that it is planted extensively in the British Isles and that it was the principle timber tree handled by the men of the New England lumbermen's regiment."

The Swede insisted that it is really a fir instead of a spruce, though admitting that the lumber is more like American spruce than it is like American fir. He called my attention to the way that the bark is different from the bark used in American pulp mills, as the work is done by running the log through some sets of cogged wheels that rub off the bark. You can see the marks of the machine on the pieces which I sent to you.

"It is the principal building wood of northern Europe, is somewhat harder and slightly heavier than American spruce, and takes a good finish."
"You ask someone of the Finnish people in your vicinity to tell you what that wood is and if he was a wood worker in his native land he will tell you. Or some of the boys in the lumbermen's regiment might tell you. Try it on them and report the result in the paper."
"Pieces eight and nine feet long, free from knots, running absolute clear lumber, and you never saw any side-hill pasture spruce that would make clear lumber."

A Polish woodworker told a friend of mine that this tree which grows in Poland and some other regions of Europe which lies west of the great treeless plain of Russia. I infer that Bulgaria is about its southern limit and that it does not flourish there.

"Pretty long industrial, geographical and botanical facts combined, and now I want to know whether a pasture spruce, standing in the open, and growing up to resist the wind, really is much harder or heavier than common forest spruce? I know that there is a difference, but it is more than trifling."

"I have been working in Boston the past month, as Librarian on the new evening paper, the Boston Telegram. It is a wonder that Osman Warren Brown omitted to tell you the news. I am not supposed to, for a newspaper man should

not tell about himself. I'll tell you the things that happen to Brown. He is doing well at Lynn."

THE UNIVERSAL CAR

FORDSON

The Ford Motor Company have just issued a book called "The Fordson at Work." This book is given free. Call in and get one. If you cannot call, write and we will mail you one without charge. It is not what the Ford Motor Company says about the Fordson Tractor, but what the army of users have to say. This book voices the hardest kind of practical experience. It shows in illustration the Fordson Tractor at actual work along some ninety different lines of activity. It shows in these illustrations the wonderful versatility and utility of the Fordson Tractor. Shows it to be, beyond all question, the one bit of machinery that is a necessity, not only on the farm, but along many lines of commercial business; especially does it show up the Fordson as a valuable servant on the farm. With it the farmer is relieved of the hard work; because he can take advantage of the weather in preparing his seed bed; he can do it at the right time; the same is true when it comes to harvesting. It solves, to a great extent, the problem of scarcity of labor.

With its wonderful, reliable power, it brings to the farm home all the conveniences, in the way of running water in the house, electric lights, operation of the washing machine, churning, separating the cream from the milk; it assumes and takes to itself the drudgery of farm life both in the field and in the house and it is only a matter of a few years until it will be as universal in its service on the farm as is the farmer himself. It will become a part of farm life; a beneficial part; a profitable part. Get order in for there's a rush coming.

NORTH HARTFORD

Samuel Dolloff Webster.
Samuel Dolloff Webster passed away at the home of Percy Davenport April 17, after a long and painful illness caused by asthma, followed by heart trouble. He was born in Lovell, the son of Stephen and Abigail Webster. He was 48 years and one month old.

He had worked on the farm where he died for about ten years, and had always stayed at his home and been a very efficient worker. He leaves to mourn their loss, a sister, Mrs. Flora Dunn of Sunnyside, and one uncle, beside several cousins and many friends among whom he will be greatly missed.

Funeral was held at the home Wednesday at 10 a. m. Rev. Mr. Berkley of East Sumner officiating. Burial was at Pleasant Pond Cemetery, West Sumner.

Francis Stetson was in town on business, recently.

Minnie Robbins and daughter Edna are at the home of her sister, Mrs. Mabel Davenport.

T. B. W. Stetson and daughter Marion were at Livermore one day recently. Mr. Stetson is very much improved in health. Little Harry Field is very poorly at this writing.

Mrs. Hanson Cash and Mrs. Oliver Robbins are assisting in the care of the sick ones at the home of Percy Davenport.

E. R. Davenport was at the home of her son, P. A. Davenport, Tuesday.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh of the Bladder. This is certainly caused by a constitutional condition. It is not cured by local remedies, but by a course of treatment that reaches the source of the disease. The foundation of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

NORTH BRIDGTON.

Lewis Howard, who has been in South Paris caring for Mrs. Guy C. Boutelle and baby son, has returned home.

Perley, Roland and Carroll Howard were in Portland, recently, on business.

Mr. and Mrs. Lincoln Mayberry and Mr. and Mrs. George Marr have returned home after spending a delightful winter in Vero, Florida.

Phyllis Lambert, who has been very sick with grippe and other complications, is slowly convalescing. Milton Lambert is also better.

Our post office is being moved across the road into the rear of J. C. Wells' store.

O. V. Edwards is building a new piazza for Bert Fitch.

Mr. and Mrs. Allan Clark and children Dorothy and Marshall, of Bridgton, were week-end guests of Mrs. Clark's parents, Mr. and Mrs. George Green.

Mrs. George Libby of Bridgton spent the day, recently, with Mrs. Albert Leighton.

Leo Plunkett of Bridgton was at Lewis Howard's, the past week.

Perley Howard, who has been at Minot running board saw for J. O. Wilson, has finished work for this season, and returned to his home.

Walter Crockett has gone to Naples to run board saw for Lewis Knight.

Charles Treadwell of Naples, who has been helping C. S. Ridlon in his mill, has finished work and returned home, Sunday. Mr. Ridlon has his pine nearly sawed.

Mr. and Mrs. Roy Wentworth of Woodfords were week-end guests of his father, Charles Wentworth and sister, Mrs. Ella Wood. They report very bad traveling. They came by auto.

BETHEL

The local farm account project leader recently called a meeting of the account group in Bethel, at which the state account leader was present to assist in starting farm accounts. Inventories were taken and accounts started by the following men: A. P. Chapman, John C. Anderson, Carl Brown, E. A. Barker, E. H. Jordan, Stephen E. Abbott, Joseph Mather and L. G. Stevens.

F. E. Russell was recently elected club project leader by the Farm Bureau; attended the club leaders' conference in the Farm Bureau office at South Paris, Friday, April 15th; and Mr. Russell, because of his knowledge of club work gained from other towns where he has been, was able to offer some excellent suggestions relative to starting clubs in Bethel. He intends to call a meeting of the boys and girls soon to organize the clubs.

In view of Mr. Russell's close contact with the boys and girls through his school work, there is no doubt that he will be able to secure a good big organization in Bethel. Certainly the town is well favored in this respect, because it has in addition of Mr. Russell, the county project leader, A. Van Denkerhoven.

BROWNFIELD CENTER

Wednesday afternoon the buildings of Mrs. Bert Bartlett were destroyed by fire. The buildings were very valuable, they were partly insured.

Brownfield is lighted by electric lights. Mrs. Alice Thoms after a lingering and painful illness, died Tuesday, April 12. Funeral at the house Friday forenoon, burial at Pine Grove Cemetery. Mrs. Thoms leaves a husband and son to mourn their loss.

Mrs. Emma Hill of East Brownfield spent the day recently with Mrs. Fitch.

Mrs. Rebecca Blake is ill. Mrs. Blake's brother and wife, Mr. and Mrs. Jesse Quint, are caring for her.

Mrs. Alice Fitch spent Saturday in Portland.

SOUTH OTISFIELD.

Ida Lord and baby have been stopping at Loren Stearns' the past week.

Mrs. Martha Brazier is some better.

The attendance at the Spurr's Corner school during the winter term was unusually good. Twenty-one pupils were enrolled. The average attendance was 20.4. Marjorie Davis was absent one-half day. Dwight Scribner absent one day. Not absent or tardy during the term of eleven weeks were Theodore Nutting, Hazel Scribner and Paul Mayberry.

Strange -- But True

Isn't it strange that the same fellow who wouldn't buy a \$10 suit, because he knows you can't get a good suit for \$10, will go out and buy automobile tires with the idea that the cheapest tire is the best bargain?

There's a whole lot more to a good tire than just what you can see when you look at it. The real "works" is on the inside, and if quality wasn't built into a tire originally, there's no man in the world can get quality out of it.

So don't buy cheap tires—they're the most expensive in the end.

When you need tires, buy Goodyear or Fisk—They are good tires.

Scratches Cured in a Week!

Mr. B. J. Turner says: "My horse had a bad case of scratches on his left hind fetlock. The entire ankle joint was swollen, hot, feverish and so painful that when I would lead him out, he would not touch that foot to the ground. In under the fetlock it was cracked open so there was a raw sore clear across the back part of the joint. I got a box of Petro-Tan, and used according to directions. At the end of a week, the soreness and fever were entirely gone, and the raw, open sore was completely healed, leaving it soft and smooth to the touch. By this time, the swelling had almost entirely disappeared, and there was no lameness when I took him out. I have handled horses for the past fifty years, and doctored a good many for scratches, but I never used anything that begins to equal Petro-Tan. It relieved the soreness almost at once, and heals the quickest and with the fewest applications of anything I ever used on a horse, as I used only four applications to heal it up."

Petro-Tan will give equally good results for sore or cracked teats, collar boils, small cuts and other wounds of the skin.

It is without question the ideal treatment for cuts, burns, chapped hands, etc. on humans. Especially desirable for children.

CLUB LEADERS' CONFERENCE

At the club leaders' conference, held in the Farm Bureau office in the town house, South Paris, plans were laid for the conducting of the boys' and girls' clubs in the county, this year. Owing to the fact that the work is starting late in this county, it was thought best not to try to start more than two clubs in each town where local leaders have been secured. One club will be composed of boys and the other of girls, and each of these clubs will probably not carry over two or three projects. In this way it is hoped that very successful clubs will be maintained.

At the meeting, the assistant state club leader offered some valuable suggestions relative to holding a field day for the boys and girls sometime about the first of August; and a little later plans will be drawn up and committees appointed to arrange for the competitive sports and other features of the event. The assistant leader also suggested Oct. 7th and 8th as dates for holding the county contest, and these were accepted by the leaders present.

Those leaders who were not present will be seen by the county agent, who will assist them to form their plans to conform with those drawn up at the meeting.

CASCO TO RECEIVE \$10,000

The town of Casco is to receive the sum of \$10,000 by the terms of the will of Cyrus C. Mayberry, a Boston lawyer, one-half of the income to be used for the schools of the town, and the other half for the care and maintenance of the highway leading from Otisfield line to the Raymond line. The Union church of Casco, the Maine Historical Society, the Maine Genealogical Society, the Massachusetts Genealogical and Historical Society and the Massachusetts Society for the Prevention of Cruelty to Animals, are each given \$1000.

These bequests, however, are not to be enjoyed until the death of Mr. Mayberry's wife, Georgianna N. Mayberry, and his brother, Frank P. Mayberry, who are to receive the income from trusts created by the will.

Eats Everything That Comes Along, No More Diet

"As you have been a Godsend to me, that is a friend in need is a friend indeed," I will write and tell you about the value of your medicine—Dr. Tru's Elixir—because it has done me good. I eat everything that comes along, no more diet. I even tried raw onions for a test. Is that not luck after nine years only milk and eggs?" Mrs. J. E. (Nutley, N. J.)

Here is one of thousands of cases where Dr. Tru's Elixir has helped. Sufferers of constipation and indigestion must have a Laxative—it is essential to good health. Try Dr. Tru's Elixir; it will surely win your thanks. Easy to take—mild—no harmful drugs. Adv.

WIFE TAKES HUSBANDS ADVICE

And Is Made Well Again
by Lydia E. Pinkham's
Vegetable Compound

Springfield, Mass.—"The doctor told my husband that I had to have an operation, otherwise I would be a sickly woman and could not have any more children on account of my weakened condition. I refused to have the operation. My husband asked me to try Lydia E. Pinkham's Vegetable Compound to see if it would not help me. For the first

four months I could do but little work, had to lie down most of the time, was nervous and could eat hardly anything, but my husband was always reminding me to take the Vegetable Compound, which I did. Of my eight children this last one was the easiest birth of all and I am thankful for your Vegetable Compound. I recommend it to my friends when I hear them complaining about their ills."—Mrs. M. NATALE, 72 Fremont St., Springfield, Mass.
Sickly, ailing women make unhappy homes, and after reading Mrs. Natalie's letter one can imagine how this home was transformed by her restoration to health. Every woman who suffers from such ailments should give Lydia E. Pinkham's Vegetable Compound a fair trial. It is surely worth while.

just sick

Not quite ready to give up but very near it. The cheapest and best plan when you feel this way is to "give up" for a day or two, stay in the house, keep quiet, eat lightly of simple food and take a mild laxative that will REACH THE LIVER. You may have a favorite pill or tablet, but don't overlook the fact that NOW you need a prescription to give you RESISTANCE—a tonic for the vital organs to assure good digestion, pure blood and natural action of the bowels and kidneys. We recommend "L. F." Medicine because it has helped so many. 60 doses for 50 cents.

RECEIVING MANY CONGRATULATIONS

Friends Say She Looks Better Than They Ever Saw Her Since Taking Tanlac

"My wonderful improvement is the talk of all my neighbors and they are complimenting me on how well and strong I am looking," said Mrs. Ernest Munroe, living on Main St., West Rutland, Vermont, while telling of the benefits she derived from the use of Tanlac.

"I suffered a severe break down, following a bad attack of pneumonia. My stomach got in mighty bad shape and nothing I ate agreed with me and even the lightest of foods caused indigestion. After eating I would bloat up with gas which pressed up around my heart and brought on palpitations. I suffered from awful headaches, and at times became so dizzy I could hardly keep from falling. I was so nervous that even the children playing around the house worried me and, although I took many medicines, I didn't seem to get any better.

"I'm on my second bottle of Tanlac now and my friends are surprised at the big improvement in my condition. My appetite has been getting better all the time and everything agrees with me. I am not troubled the least bit with indigestion. I feel so much better in every way that in a little while I believe I'll be as well as ever. I certainly consider myself lucky to get hold of Tanlac, and I strongly recommend it to all who are in a run down condition."

Tanlac is sold by A. L. Clark Drug Co., Norway; Stowell Bros., Locke's Mills; R. E. Pinkham, East Waterford; W. H. Brown, East Stoneham; Heald, Stearns & Kimball, Lovell; H. L. Hutchins Co., North Fryeburg; L. R. Rounds & Co., Waterford, and P. G. Barrett, Welchville, Me.

Francis F. Chase returned to Bangor, Monday.

SOUTH HARRISON

R. W. Fogg

Richard Willis Fogg died at his home in South Harrison, April 18, after a long period of ill health, caused by Bright's Disease. Although a sufferer for several years, he had a pleasing personality, always cheerful and putting the bright side of things in spite of his sufferings.

He was the son of the late David and Maria (Leavitt) Fogg, born on the homestead where he has always lived, August 8th, 1858. In early manhood he married Minnie, daughter of the late Henry and Clarissa DeWitt of Naples, who survives him and mourns the loss of a kind and loving husband. Also leaves four children, Prestiss of Otisfield; Zilla, wife of Llewellyn Batchelder of Westbrook; Vilia, wife of Claude Snow of Pownal, and Elmer, who lived at home.

Funeral services held at her late home Saturday, April 18th, conducted by Rev. Samuel Brown of Raymond. There were no flowers by special request of the family, but the large gathering of neighbors and friends showed their love for the departed. Interment at Harrison Village Cemetery.

Some loved one to endless rest, And the heart that filled with anguish, Long but err, "No leave best. But a year not distant cometh, When we read the vast unknown, We shall find the deceased dear ones, Seated round the great white throne."

Eva Osgood

Another of our neighbors passed away April 18th. Eva Osgood, age 67 years. She had resided at the home of Austin Lewis several years. She was of a cheerful disposition and one who will be missed by all.

Funeral services held at her late home, April 18th, conducted by Rev. W. E. Brooks. She leaves one sister, Mrs. Woodward of Newton, Mass. There were several floral tributes. Interment at the Lewis Cemetery, South Harrison.

Mrs. Howard Randall spent several days the past week at the home of her uncle, Samuel Chaplin of Naples. Mr. Chaplin died April 10th after a long illness of heart trouble. He leaves a wife, Lucy Chaplin, and two half sisters, Mrs. F. M. Trafton of Harrison and Mrs. Jas. Trafton of Westbrook. He was 68 years of age.

Carl Greene of Boston, Mass., and Mrs. Harry Pugsley of Cornish made a brief visit at their brother's, David H. Green's of South Harrison, called by the death of their uncle, R. W. Fogg.
